To study this process, Dr Fanucchi is using a combination of advanced microscopy and molecular biology ap

Talking about being named L'Oréal-UNESCO International Rising Talent, Dr Fanucchi described the f

THE 2017 L'ORÉAL-UNESCO FOR WOMEN IN SCIENCE AWARDS

Since 1998, the L'Oréal Corporate Foundation and UNESCO have become committed to increasing the number of women in science. In 2016, UNESCO's gender parity index was only 68%, indicating that women are still under-represented in science.

THE 2017 LAUREATES: WOMEN AT THE CUTTING-EDGE

The 2017 Edition of the L'Oréal-UNESCO Science Awards celebrates the excellence, the creativity and the

The keynote speaker at the L'Oréal-UNESCO For Women in Science Awards ceremony will be L'Oréal President of France, Marion Baeriswiler.
